To specify size, replace 'XX/XX': 9561-{EU size}/{UK size}

The King's IMPACT Series offers a comfortable fit and value in a professional safety shoe. Designed for those on the move, the 9561 Sporty Laced Safety Shoe caters to active professionals and workers, prioritising safety without sacrificing style and comfort. While keeping safety a priority. With a lightweight, non-metallic construction, this shoe provides all-day comfort and enable agility for any work task.

Features:

- Resistant to oils, acids and alkalis
- 200 J - Impact resistant carbon composite toe cap
- Non-metallic puncture resistant midsole insert
- Lightweight, slip resistant, double density polyurethane (PU) sole
- Provides impact cushioning for the whole foot
- Ergonomic and comfort EVA for the entire foot
- Anti-static

Industry Applications:

- Recommended for indoor/outdoor works. Suitable for medium or light industries.

Storage And Care:

- Footwear should be stored in their original packaging. Keep in an area that is not subject to rapid changes in temperature or humidity levels.

Care Instructions:

- Store shoes in a cool, dry and well-ventilated area after use.
- Remove excess dust or dirt with a brush.
- Remove any marks using a damp cloth and soap if necessary. Polish any grain or pigmented leathers using a commercially available shoe care product.
